

COVID-19 Travelinformation – valid from 04.10.2021

3G-rule - Proof of low epidemiological risk

Access to the event is only possible with the proof of a low epidemiological risk within the meaning of the currently valid Austrian COVID-19 regulation.

All spectators and participants have to show

- an antigen test (maximum 24 hours old) or
- a PCR test (maximum 72 hours old) or
- a second vaccination with an approved vaccine:
 - Comirnaty / BioNTech,
 - Spikevax / Moderna,
 - Vaxzevria / AstraZeneca / Covishield,
 - Janssen / Johnson & Johnson,
 - Sinopharm,
 - Sinovac,
- where the second vaccination may be a maximum of 360 days ago and at least 14 days must have elapsed between the first and second vaccination or
- a vaccination with Janssen / Johnson & Johnson, whereby at least 22 days and a maximum of 270 days must have elapsed since the vaccination or
- Vaccination with an approved vaccine, provided a positive PCR test was available at least 21 days prior to vaccination or proof of neutralizing antibodies prior to vaccination, whereby the vaccination must not be more than 360 days ago or
- proof of recovery from Covid-19 (maximum 180 days old) or
- proof of neutralizing antibodies (no more than 90 days old) or
- a separation notice from the Austrian authorities (maximum 180 days old).

The proof of low epidemiological risk must be valid until the end of the respective event day.
